

The code is right. The situation isn't.

A valid credential can still hide
a coached approval.

VERIFY THE PERSON. ASSESS THE PRESSURE.

NUMBER MATCH

47

“Just enter the number.
I'll stay on the line.”

Illustrative scenario

Verify the person. Assess the pressure.

Work identity

Start with Microsoft Entra ID.

Available context

Ask about recent activity.

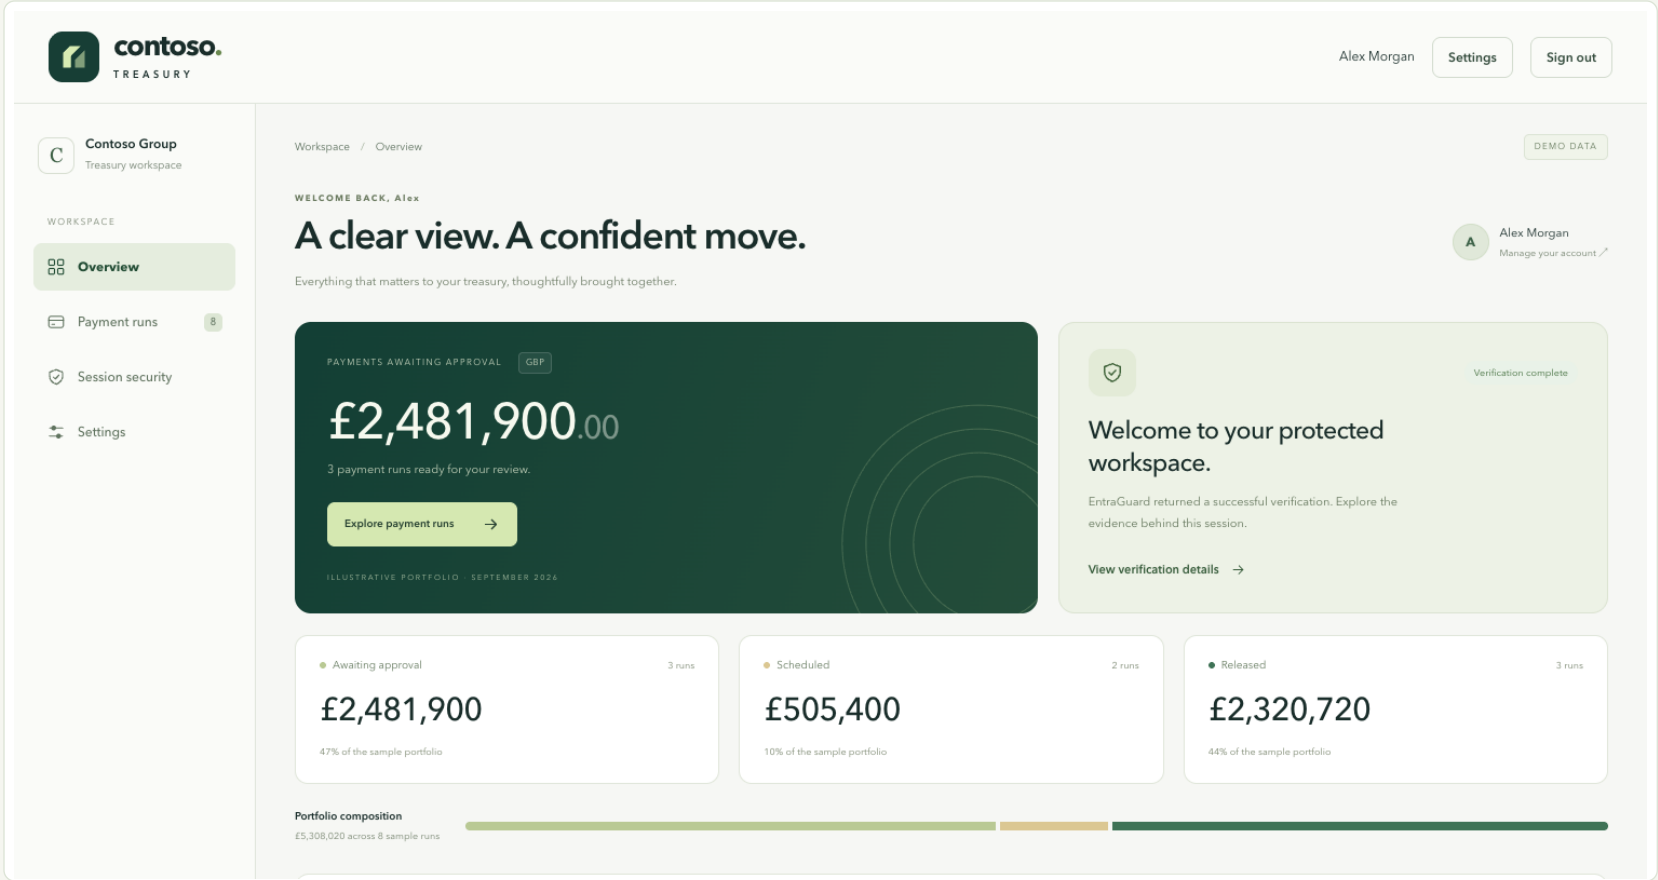

Conversation evidence

Assess signs of coaching.

AI supplies evidence. Code controls the outcome.

A familiar sign-in. A richer verification.

DEMO INSERT / 00:18-00:48

- RECORD THESE MOMENTS
- 01 Work-account sign-in
- 02 Match the number
- 03 One contextual question
- 04 Result + server grant

Reference screenshot.
Replace with actual footage.

Correct digits. Coaching still matters.

DEMO INSERT / 00:48–01:28
